Height: 15 feet

Spread: 8 feet

Sunlight: ○ ◐

Hardiness Zone: 7

Description:

This imposing selection makes a beautiful screen or accent in the garden; this bamboo is even tolerant to full sun, but prefers some shade; new shoots are hairy and rusty red upon emergence in early spring; protect from hot afternoon sun

Ornamental Features

Wolong Clump Bamboo is primarily valued in the landscape for its interesting and distinctive form. Its large narrow leaves remain green in color throughout the year.

Landscape Attributes

Wolong Clump Bamboo is an herbaceous evergreen perennial with an indistinguished habit of growth. Its relatively fine texture sets it apart from other garden plants with less refined foliage.

This is a relatively low maintenance plant, and can be pruned at anytime. It has no significant negative characteristics.

Wolong Clump Bamboo is recommended for the following landscape applications;

- Accent
- Vertical Accent
- Mass Planting
- Hedges/Screening
- General Garden Use
- Naturalizing And Woodland Gardens

Planting & Growing

Wolong Clump Bamboo will grow to be about 15 feet tall at maturity, with a spread of 8 feet. Its foliage tends to remain dense right to the ground, not requiring facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 30 years. As an evegreen perennial, this plant will typically keep its form and foliage year-round.

This plant does best in full sun to partial shade. It does best in average to evenly moist conditions, but will not tolerate standing water. It may require supplemental watering during periods of drought or extended heat. It is not particular as to soil pH, but grows best in rich soils. It is highly tolerant of urban pollution and will even thrive in inner city environments. This is a selected variety of a species not originally from North America. It can be propagated by division; however, as a cultivated variety, be aware that it may be subject to certain restrictions or prohibitions on propagation.
