Height: 20 inches

Spread: 14 inches

Spacing: 12 inches

Sunlight: ○ ◐

Hardiness Zone: (annual)

Other Names: Blackfoot, Butter Daisy, Gold Medallion Flower

Description:

One of the easiest flowering annuals to grow; large, butter yellow blooms with gold centers, cover neat mounds throughout the season with no need to deadhead spent blooms; tolerant of shade and heat

Ornamental Features

Casino Light Yellow Melampodium is covered in stunning buttery yellow daisy flowers with yellow overtones and gold eyes at the ends of the stems from late spring to early fall. Its pointy leaves remain dark green in color throughout the season.

Landscape Attributes

Casino Light Yellow Melampodium is an herbaceous annual with a mounded form. Its relatively fine texture sets it apart from other garden plants with less refined foliage.

This is a relatively low maintenance plant, and should not require much pruning, except when necessary, such as to remove dieback. It is a good choice for attracting bees and butterflies to your yard. It has no significant negative characteristics.

Casino Light Yellow Melampodium is recommended for the following landscape applications;

- Accent
- Mass Planting
- Border Edging
- General Garden Use
- Container Planting

Planting & Growing

Casino Light Yellow Melampodium will grow to be about 18 inches tall at maturity, with a spread of 14 inches. When grown in masses or used as a bedding plant, individual plants should be spaced approximately 12 inches apart. Its foliage tends to remain dense right to the ground, not requiring facer plants in front. This fast-growing annual will normally live for one full growing season, needing replacement the following year.

This plant does best in full sun to partial shade. It is very adaptable to both dry and moist locations, and should do just fine under typical garden conditions. It may require supplemental watering during periods of drought or extended heat. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This is a selected variety of a species not originally from North America.

Casino Light Yellow Melampodium is a fine choice for the garden, but it is also a good selection for planting in outdoor pots and containers. It can be used either as 'filler' or as a 'thriller' in the 'spiller-thriller-filler' container combination, depending on the height and form of the other plants used in the container planting. Note that when growing plants in outdoor containers and baskets, they may require more frequent waterings than they would in the yard or garden.
