Height: 3 feet

Spread: 32 inches

Sunlight: ○

Hardiness Zone: 6b

Group/Class: Shrub Rose

Description:

A reliable shrub rose, producing copper-peach blooms that mature to shades of soft pink and white; good vigor and excellent disease resistance; all roses need full sun and well-drained soil

Ornamental Features

Mystic Meidiland Rose features showy semi-double coppery-bronze flowers with peach overtones at the ends of the branches from late spring to late summer. The flowers are excellent for cutting. It has green deciduous foliage. The oval compound leaves turn yellow in fall. The fruits are showy red hips displayed from early to late fall.

Landscape Attributes

Mystic Meidiland Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Disease
- Spiny

Mystic Meidiland Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Mystic Meidiland Rose

Planting & Growing

Mystic Meidiland Rose will grow to be about 3 feet tall at maturity, with a spread of 32 inches. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This particular variety is an interspecific hybrid.

This plant is not reliably hardy in our region, and certain restrictions may apply; contact the store for more information.
